solute

step-by-step to success

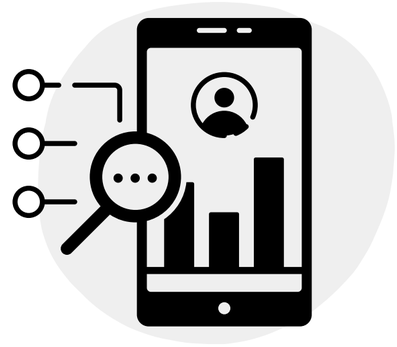
To give you an idea of how working with us works, we have briefly outlined below the steps that will lead your store to greater reach, more new customers and higher shopping carts.

REGISTRATION

You register your online shop at solute and give us the details of your shop system as well as the confirmation that your shop meets the technical requirements.

FEED OPTIMIZATION

After registration, our expert team will take a look at your feed and help you to optimize and target your products.



OUTPUT

Your online shop will benefit from new customers, a greater reach and a higher online turnover in the world's largest search engines and in our soluteNet.

In order to optimize your campaigns, please integrate our conversion tracking.

solute

These customers are already convinced

Thanks to the good cooperation with solute, we were able to significantly increase our reach across all target groups. We were particularly impressed by the strong growth in our sales in this area. This enabled us to free up more budget, which we used for the desired goals. We would like to thank the experts at solute for their active support.
